Use of Government Provided Telephone Services for Other than Official Business is Prohibited by Law and Could Result in an Employee's Suspension or Dismissal (31 U.S.C. 680).

Special Centrex Features

Call Transfer

This feature allows a station user to transfer an incoming or outgoing call to another station.

- Depress switchhook once to get recall dial tone.
- Dial desired number. (see Note)
- When party answers, announce call and hang up.

Consultation

This feature enables a station user, while on an existing call, to place the call on "hold" and establish a connection with another station. After consultation the user returns to original party.

- Depress switchhook once to get recall dial tone.
- Dial desired number. (see Note)
- When party answers, consult privately.
- When third party hangs up, depress switchhook twice to restore original call.

Three-way Conference

This feature enables a user on an existing call to add a third party to the conversation.

- Depress switchhook once to get recall dial tone.
- Dial desired third party. (see Note)
- When the third party answers, depress the switchhook once to establish the connection for the three-way call.

Call Forwarding

This feature enables the automatic routing of any incoming call to another pre-selected station whenever the called station is busy or is not answered within three rings.

NOTE: If number called is incorrect, busy or doesn't answer, depress switchhook twice—once to return to original call and again to eliminate busy or ringing tone.

Local Calls

- Calls to USDA Telephones

Consult the USDA Telephone Directory for the number. Listen for the dial tone. Then dial the 7 digit number.

- Calls to Other Government Telephones

Listen for the dial tone. Dial "9" plus the 7 digit number. If the telephone number of the Agency you are trying to reach is not known consult the Washington Agency Directory located in the back of this telephone directory.

- Calls to Non-Government Telephones

Listen for the dial tone. Dial "9" plus the 7 digit number.

Long Distance Calls

The Federal Telecommunications System (FTS) is a government network of leased long distance circuits through which you should make all official long distance calls in the United States. FTS charges are based on the length of calls. To help reduce telephone costs, users should be "time conscious" when making calls.

- Calls to Government FTS Telephones.

Dial "8" and the 7 digit number being called. Consult the FTS Telephone Users' Guide when necessary. (Guides can be obtained from either your Administrative office or Telephone Control Officer.)

- Calls to Non-Government Telephones.

Dial "8", the area code, and the 7 digit number being called. If the commercial number is not known, dial "9" plus the area code you wish to reach and 555-1212 for free information.

- Calls to Alaska, Hawaii, Puerto Rico, Virgin Islands, and Canada

FTS service is available to and from Alaska, Hawaii, Puerto Rico, and Virgin Islands for employees authorized by their respective agency/office to place such calls. Consult the FTS Telephone Users' Guide for information and instructions on placing calls to these locations over the FTS.

International Calls

International calling is available from selected telephones for employees who have obtained approval from an authorized agency official.

- Calls to Other Countries

Consult the Washington Metropolitan Area Telephone Directory for dialing instructions.
